IMPORTANT INFORMATION

Late buses will be running every day when there is an activity.

Early dismissal or school closure automatically cancel After School Program activities.

Please make contingency plans with your child for possible last minute cancellations, as the school will not be calling parents for ASP cancellations.

Attendance is taken at all after school classes requiring registration. Please notify the office if a student will be in school but not staying for his/her after school class.

Some courses have very limited enrollment, so please list second or third choices. In the event that a course has more applicants than can be accommodated, students are chosen by lottery. No late applications can be included in the lottery. Please note that no refunds can be given once student enrollment is complete unless class is cancelled by CCW due to under enrollment.
